### **PUBLIC WORKS:**

## MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4)

### ● Permit Overview – NPDES Permit for Stormwater Discharges from Small MS4s

- Municipal Separate Storm Sewer System (MS4) - Permit applies to stormwater infrastructure that is:
  - Used for collecting and/or conveying stormwater
  - Owned by a municipality or any other public body
  - Not used as a combined sewer
  - Not part of Publicly Owned Treatment Works (i.e. sewage treatment plant)
- NPDES MS4 Permit authorizes discharge of stormwater from the MS4 to Waters of the Commonwealth
- NPDES MS4 Permit issued by PADEP in Pennsylvania. The program is administered nationally by EPA.
- Primary goal of the permit: Protecting water quality and limiting stormwater pollution

# MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4)

## ● Annual MS4 Tasks

- Update and Implement Stormwater Management Program (Written Plan) addressing each MCM:
  - MCM #1 - Public Education and Outreach on Stormwater Impacts
  - MCM #2 - Public Involvement/Participation
  - MCM #3 - Illicit Discharge Detection and Elimination
  - MCM #4 - Construction Site Stormwater Runoff Control
  - MCM #5 - Post-Construction Stormwater Management (PCSM) in New and Re-Development Activities
  - MCM #6 - Pollution Prevention/Good Housekeeping
- The Stormwater Management Program must:
  - Reduce the discharge of pollutants from the MS4 to the maximum extent practicable,
  - Protect water quality, and
  - Satisfy appropriate water quality requirements of the Clean Water Act and the Pennsylvania Clean Streams Law

## MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4)

### • Annual Reports

- Due September 30 of each year
- Self reporting on progress made for each MCM, along with PRP and PCM progress
- \$500 renewal fee due annually

### • DEP or EPA Inspections

- DEP Inspects each permittee at least once every 5 years
- Inspections for 2018 Permit are underway (completed in 2024)
  - Office Review - Thorough review of written plans and documentation of compliance with required Minimum Control Measures. Documentation of all MS4 related activities (event flyers, distributed materials, work logs, complaint resolution tracking, outfall screening etc.)
  - Field Review – Evaluation of municipal facilities including Public Works yard, garage, salt storage and other facilities. Field review of BMPs and outfalls

## MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4)

- **Pollutant Reduction Plans (PRPs) were developed in 2017 and submitted to PADEP to meet the following requirements:**
  - The following reductions must be achieved within 5 years of permit issuance (March 2023 for General Permits):
    - Achieve 10% reduction in pollutant loading of sediment
    - Achieve 5% reduction in pollutant loading of total phosphorus
- **Each Annual Report to include documentation and supporting calculations for reductions achieved through implementation of the Pollutant Reduction Plan.**
- **PRPs approved by PADEP established:**
  - Total pollutant loading required to be addressed in permit term
  - Potential BMPs to be constructed to achieve required pollutant reduction goals.

## MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4)

- **BMPs identified in the Pollutant Reduction Plan must be constructed and the required pollutant reduction achieved by September 30, 2026**
  - If the PRP is not completed by September 2026, the permittee must submit an application for an Individual Permit by September 30, 2026.
- **Current PRP Status:**
  - Stormceptors Installed – PRP Completed

## MS4s – PERMIT – WHAT'S NEXT?

- **PADEP Has Issued Draft Permit Regulations in January 2025**
  - Public Comment Period closed March 19, 2025
- **2026 Permit Renewal due September 30, 2026**
- **Six Minimum Control Measure Requirements generally remain the same**
- **Pollutant Control Measures (PCMs) no longer required**
- **2028 Model Ordinance must be adopted prior to the submittal of the September 2028 annual report**
- **PRP is being replaced with Volume Management Plan (VMP)**
  - Anticipate Volume Management Plan to be submitted in September 2028
  - Construction of VMP to be completed by 2031

## MS4s – PERMIT – WHAT'S NEXT?

### • Anticipated Schedule

- September 30, 2026: New/existing coverage NOI due, PRP must be complete.
- October 1, 2026: Final General permit will be effective.
- September 30, 2028: VMP and 2028 Model Ordinance due with annual report.
- September 30, 2030: Reporting of VMP progress due with annual report.
- July 31, 2031: 180-day extension for VMP completion due if applicable.
- September 30, 2031: VMP to be complete.

## MS4s – PERMIT – WHAT'S NEXT?

### ● Volume Management Plan (VMP)

- Focuses on volume of stormwater runoff rather than reduction of pollutants
- Required if surface waters are impaired for the following updated causes: 1) turbidity; 2) Total Suspended Solids; 3) siltation; 4) algae; 5) eutrophication; 6) nutrients; 7) flow regime modification; and 8) habitat alterations
- Based on the total amount of impervious area within the Urbanized Area
- Maximum Extent Practicable (MEP) Calculator provided by DEP to determine the Volume Management Objective (VMO)
- VMO is defined as the number of new cubic feet of runoff per permit year that must be treated
- VMO is municipality-based, not watershed-based
- VMP total is the VMO x2 for the two years that the VMP must be implemented

# MS4s – PERMIT – WHAT’S NEXT?

MS4 Requirements Table

Municipality	NPDES ID	Individual Permit Required?	Impaired Waters	Requirements	Other Cause(s) of Impairment
Bridgeville Borough	PAG136203	No	Chartiers Creek	Metals, PCB, Suspended Solids, Organic Enrichment/Low D.O., Siltation	TDS, Turbidity
			McLaughlin Run	Siltation, Flow Regime Modification	Turbidity
			Painters Run	Metals, Suspended Solids, Siltation	TDS, Turbidity

## MS4s – PERMIT – WHAT'S NEXT?

### ● Volume Management Plan (VMP)

- MEP Calculator incorporates socioeconomic factors (such as Lowest Quartile Household Income, Unemployment Rate, Utility Bills) that may lower the VMO value
- VMO may also be reduced by crediting of completed projects that qualify, including PRP projects
  - Stream restoration that exceeded the sediment reduction requirement for the PRP can be credited
  - Inspections of all SCM facilities must be completed within the next two years to determine proper function and condition to be included in crediting
- The VMP must be submitted to DEP with the annual report on September 30, 2028 including Preliminary Design Drawings (30%-50% design)
- VMP is to be complete September 30, 2031

## Adult Battle of the Books Fundraiser

This month, the library hosted its first Adult Battle of the Books Fundraiser at Dee Jay's BBQ Ribs and Grille in Collier. Twenty three adults on six teams took part in an evening of friendly competition and trivia based on five books. The scores were incredibly close, with the first and second place teams being separated by only one point!

A great time was had by all, and next year's event is already in the works. Thank you to Dee Jay's for hosting us!

# Community Partnerships

## Bridgeville 125th Anniversary Logo Display

Last month, the library hosted a display of logo designs for Bridgeville's 125<sup>th</sup> anniversary next year. The design contest was coordinated by Public Art Bridgeville and featured the talents of local residents. The winning design (pictured on the left) will be used during next year's anniversary celebrations.

## Student Library Card Initiative

The library is proud to announce that this fall, we will be collaborating with Chartiers Valley School District and the Allegheny County Library Association on a student library card initiative. Already implemented successfully in fifteen other districts in the county, the initiative will put a free public library card in the hand of every student in CVSD. This will give our students access to educational databases, free e-books, as well as any library in the county. Research shows that students who use the library achieve better academically.

# Mission Moments

The library received some wonderful patron feedback in April and May. One book sale attendee praised those working the sale and the front desk staff for making the library a welcoming space and for treating her with kindness.

Another patron emailed to say that “the Garden Exchange was fantastic!” She was excited to get new plants and magazines and talk to other gardeners. She expressed her thanks for the event and looks forward to next year’s.

As part of National Library Week, we invited patrons to share what they loved about the library. We received multiple responses from adults and children alike which were displayed in the foyer all month long. A sampling of the responses is below:

- “Best family friendly library!”
- “This library is a wonderful community resource! Awesome staff, welcoming atmosphere! Volunteering opportunities for diverse populations make a meaningful impact.”
- “I love how my library has so many great community events and access to a vast array of books and games!”
- “The staff is always helpful. They go out of their way to help you with whatever problem you have. They are pleasant and professional.”
- “Our grandson, Milo, loves storytime with Miss Carrie and friends.”
