SNOW ANGELS

Offering Support for the Residents

For older residents and citizens with mobility issues, winter elements can be hazardous. Fostering the bonds of community, the Bridgeville Snow Angel program works to pair residents in need with helpful volunteers to ensure sidewalks and driveways are clear of snow and ice. Clear walkways make our sidewalks safer for everyone, including our community workers, like postal carriers, emergency services, and trash collectors.

Volunteer to be a Snow Angel

As a Snow Angel, you will be paired with a resident in need located within a 10-minute walk from your residence. Bridgeville Borough will confirm all the details with your match as a match is made. If you are willing to help more than one neighbor, please let us know on the registration form.

Request help from a Snow Angel

If you are a senior citizen or have a physical disability and live within Bridgeville Borough, you are eligible to participate in the Snow Angel Program. Due to the demand of this program, we ask that you only apply if you have a definite need and you do not have the financial means, or friends or family in the area to assist with snow removal.

The plan is expected to be reviewed by the Planning Commission later this year.

Chartiers Park Lighting: The Borough received an additional \$150,000 grant toward upgrading the baseball field lighting at Chartiers Park, bringing total funding raised to \$300,000 toward the estimated \$580,000 project cost. The Borough continues to pursue additional grants and fundraising.

Commercial Street Culverts: Additional funding has been secured to replace the Commercial Street culverts, which will help reduce flooding. The project is expected to go out to bid later this year, with construction planned for early 2027.

Bower Hill Road Pedestrian Crossing: The project near Dari Delite will go out to bid soon. Improvements will include flashing pedestrian warning

signals, upgraded ADA ramps, and sidewalk improvements.
